

Do you care for one of the 33,785¹ Arizonians diagnosed with cancer every year? Barbara Kavanagh does, and is dedicated to cancer caregiver education!

“Multiple myeloma.” Those were the words Barbara Kavanagh heard 26 years ago when oncologists diagnosed her husband, Jack.

“That began my journey into the unknown”, said Kavanagh. “After the shock wore off I made it my mission to share what I know with ALL cancer caregivers so their experiences are easier than mine. That is why I conduct, through my charity, Cancer Caregiver seminars throughout the year.”

When cancer invades the home suddenly everyone becomes a cancer caregiver, including friends and neighbors. “Everyone caring for a cancer patient needs to come to our seminars for their own health and wellbeing!”, Kavanagh said.

Every seminar is FREE to the public. Attendees walk away knowing how to advocate for their loved one and have an opportunity to talk with local resources that can help.

“I really hope people caring for a cancer patient join us on Saturday, April 28, 2018 at the Embassy Suites Hilton at Stonecreek Golf Course”, Kavanagh said. The topic is “Helping your loved one deal with side effects.” Register now at www.azmn.info/care and do something good for yourself, the cancer patient and the family.

Cancer Caregivers Education Program™ (CCEP®) seminars deliver practical knowledge, skills and strategies necessary to effectively care for the cancer patient and themselves. CCEP® is now available as a customized program for companies and healthcare organizations that want to help employees struggling with cancer.

We rely on donations to keep up the great work that has an immediate impact on seminar attendees. Unfortunately cancer can ‘happen’ to anyone! Donate at www.azmyelomanetwork.org today.
