

Navigating the Cancer System: For Cancer Patients, Caregivers, & Cancer Care Professionals

Presented by: AzMN/ Cancer Caregivers Education Program & Triage Cancer

The NEED

There were 39,000 new cancer diagnoses in Arizona in 2021. They are 'us', and our mothers, fathers, sisters, brothers, children, friends, neighbors, co-workers, and employees. The psychological, physical, and financial impacts on quality of life, healthcare outcomes and cost are enormous for the cancer patients and families.

The SOLUTION

AzMN's Cancer Caregivers Education Program, CCEP® has been providing free education, training and resources for the cancer caregivers and patients at home where the Cancer Caregiver is the 1st Responders for their loved ones. And, we are introducing our New Virtual Cancer Caregiver's Education Program, VCCEP®.

YOU CAN HELP!
