Wishing you a Happy Healthy Holiday Season, 2022!

You can Help Cancer Patients, Caregivers and Families Celebrate the Holiday Season!
You can make a Difference!

The Holidays can be a time of Joy and Fun but also a lonely and stressful time. In 2022, we were able to provide Cancer patients and Caregivers information and resources at several conferences and also hosted an ‘in-person ‘seminar’: Navigating the Cancer System, Post-COVID! We shared ideas, information, and resources. We offered strategies for Caregivers to ‘take care’ of themselves and let ‘others help’ too! We also shared an Overview of the Virtual Cancer Caregivers Education Program, VCCEP®

With your support in 2023, we will be able to offer our VCCEP to All Cancer Caregivers and families wherever they are and whenever they need that ‘helping hand’. It will be available on your phone or any other electronic device, as well as in libraries, cancer centers, and community centers.

Click on our Donate Link Now and Bring Hope to the 3400 ‘new’ cancer patients in Az. this year. And the 17 million who are battling it right now. Every $ donated will be matched. So Give what you can to bring comfort to those with cancer. We believe that no one should have to fight cancer Alone!
