A primary objective of the Arizona Myeloma Network in 2024 and 2025 is to provide much needed support for the cancer patients and caregivers in our underserved communities, with an emphasis on Arizona's Indigenous populations.

A mission of Jack Kavanagh was to make the Online Cancer Caregivers Education Program available to our Indigenous Communities. In honor of his legacy, a 33-year cancer survivor and his enduring commitment to our cancer care community.

We **APPEAL** to you for your support to make our **DREAM** a Reality
All funds will be dedicated to providing the much-needed support in Arizona's Indigenous Communities. You can support this effort by **PURCHASING A SPONSORSHIP**, **DONATE** or **HONORING A PATIENT AND CAREGIVER** on our **CANCER CARE HONOR WALL** at:
